Making it Happen! - Support Social Inclusion

ON SPOTLIGHT

Sandy & Jason

Sandy and Jason became roommates over a decade ago and since then, have become close friends. The staff fostered building a relationship right off the bat with the men as they learned about each other's hobbies, finding they both have some similar interests! They like listening to music and visiting their favourite places together.

Jason celebrates all occasions in a big way, decorating their home with streamers, banners and balloons any chance he gets. This bright prospective livens up any holiday or special event.

Sandy is close with his family, especially with his mother, and shares these experiences with Jason. Each week, the men have a special tradition with Jason's family sharing dinner which brings joy to both Sandy and Jason. Both men have introduced each other to their friends and have a big social circle. They can often be found catching up with the latest news either chatting on the phone or meeting in person. Jason and Sandy's support staff have worked on building this positive rapport between the men and their support systems as they know the importance of these relationships in building resilience and meaningful connections that will last a lifetime.

Michael G.

Michael has been with ICE Edmonton and supporting Sandy and Jason since 2021. Sandy and Jason greatly benefit from their Team Coordinator's mild-mannered personality and serene demeanor. His calm presence and gentle tone of voice serve as a soothing influence, effectively helping them to relax and de-escalate during moments of stress or tension. This supportive presence contributes to a harmonious atmosphere, promoting peace and tranquility in their shared living space. His gratitude is greatly appreciated by those he works with and the clients he serves! It's evident that his dedication, collaborative spirit, and leadership qualities have made a significant impact on the agency and the well-being of Sandy and Jason. By embodying these values and consistently providing excellent support, he has contributed to creating a positive and nurturing environment for everyone involved. Thank you for the amazing work you do Michael!

ICE HAS CANADA LIFE RSP PLAN!

Refer to Policy 3.14.18 CANADALIFE RSP if you are eligible, ICE will match your contributions! [To sign up, please contact Independent Counselling Enterprises at: 780-453-9664. For more information about Canada Life: <https://my.canadalife.com/sign-in> CANADA LIFE Helpdesk: 1-800-724-3402](#)

ICE WILL BE CLOSED ON JULY 1, 2024 FOR THE CANADA DAY LONG WEEKEND

Please direct all calls to the Employee Client Assistance Team for that day. 780-512-3129

ECAT

Employee & Client Assistance Team
780-512-3129

Phones do not accept text messages. Staff need to call ECAT.

POLICY REVIEW**3.5.10 HAZARD ASSESSMENT AND CONTROL DOCUMENT**

The Hazard Assessment and Control Document Master (HACD) is a living document that details all hazards known to the employees of Independent Counselling Enterprises and the controls in place to mitigate the hazards. Employees at all levels of the organization are involved in the creation and updating of this document.

A copy of the HACD Master will be available at all sites where more than one employee works, in all Health and Safety Binders, and in every office. All employees are responsible to ensure that the document remains an accurate reflection of the hazards and controls of the agency.

The Master Hazard Assessment and Control Document is separated into 4 sections based on job duties, including: General, Working with High Behaviors, Office Related Work and Non-Residential Services.

FOR RESIDENTIAL SETTINGS:

The HACD Master is tailored at each site to include site-based assessment and control information that details the hazards specific to that setting. Community Support Coordinators / Team Coordinators or the appropriate Manager will update the site-based hazard assessment when the Master HACD changes or when changes are required to address hazards at the specific site. This includes circumstances listed in changes to the Master HACD or when there is a need for changes to be made (E.g., change in location, change in client). The site-specific hazard assessment and control document is reviewed and signed off on the Review / Revision Record located in the Health and Safety Binder. Program staff complete this process monthly at team meetings or sooner if there are changes in site hazards / controls. It is also reviewed and signed off with program staff when annual site-specific revisions based on the Master HACD annual revisions are completed.

New employees will be advised about the HACD Master and how to assess hazards in the workplace during Pre-employment Training. All employees will be required to review their section on the HACD Master in their probationary period. Employees will be informed of their site-specific hazards and controls during orientation.

FOR NON-RESIDENTIAL SETTINGS:

A Hazard Assessment Checklist (as part of the Non-Residential Random Inspection) will be completed by a supervisor or designate in each new work site. All employees working in these sites will be provided a copy of the non-residential section of the HACD Master. These employees are responsible for ongoing hazard assessment and reporting new hazards to a supervisor utilizing this information and their “Identify Hazards/Utilize Controls” card distributed at the beginning of non-residential shifts. For each location, each regular non-residential worker will document on a Schedule 1 outline that this was completed. Any relief employee working in these programs will validate these hazards on a contact note. Hazards of these sites will be documented in C- Views and reviewed with each new employee at the time of booking.

Please note that selected sections of ICE Policy 3.5.10 are reproduced here. Please refer to the Policy manual for the complete policy.

THANK YOU CARD WINNERS

Florence I. received a Thank You Card for covering a Leave of Absence and always ensuring client safety during her overnight shifts. Thank you for all your hard work Florence!

Abimbola O. received a Thank You Card for picking up relief shifts and always ensuring the COVID-19 High Touch cleaning and regular program cleaning was complete. Thank you for for going above and beyond everyday Abimbola!

Thank You

HAS A CO-WORKER GONE ABOVE AND BEYOND AND SHOWN OUTSTANDING COMMITMENT AND DEDICATION WHILE WORKING FOR ICE? STAFF CAN RECOGNIZE ANOTHER EMPLOYEE BY WRITING THEM A THANK-YOU CARD AND HAVE THEM ENTERED TO WIN MONTHLY PRIZES FEATURED IN THE ICE PAGE! IF A PERSON IS NOMINATED FOR HEALTH & SAFETY ACHIEVEMENTS AT LEAST THREE TIMES FROM DIFFERENT SOURCES IN A YEAR, THEY HAVE A CHANCE TO WIN A CASH PRIZE!
SO, TAKE A MOMENT AND THANK A CO-WORKER TODAY! IT CAN PAY OFF TO SAY THANK-YOU FOR A JOB WELL DONE.

HEALTH AND SAFETY MEETING MINUTES

April 23, 2024

(MINUTES EDITED FOR PUBLICATION)

3.1 Review of 'Regional Health and Safety Meeting Minutes (sections 3.2 and 3.3).**A) Section 3.2. Completed Incident Investigations for Injury, Health, and Property Damage:**

Calgary Meeting Minutes: May 11, 2023: Staff was frying a burger and oil splashed onto staff's hand.

Incident Investigation Recommendations: Review the importance of using the appropriate utensils for cooking with the staff at the team meeting. Staff will attend the next Promoting Safety training.

HSC Recommendations: No additional recommendations.

September 30, 2023: Staff worked a shift and made a report of back pain at end of shift. No specific incident occurred, mentions of doing all the chores for that shift, then pain started.

Incident Investigation Recommendations: Review chores list and ensure that chores are evenly distributed among staff. Review HACD: bed making, washing/mopping floors, vacuuming, laundry tasks and general housekeeping tasks.

HSC Recommendations: No additional recommendations.

October 24, 2023: Staff was shoveling snow in front porch of residence when a stranger and their dog walked by the dog seeming aggressive, ran up to staff and jumped on staff. Dog bit staff on the leg, then returned to owner.

Incident Investigation Recommendations: Notify the building manager.

HSC Recommendations: No additional Recommendations.

Edmonton Meeting Minutes: December 21, 2023: Staff was descending stairs when they missed one step and twisted their right foot.

Incident Investigation Recommendations: Staff will review reporting procedures with the manager. Review policies 2.7.2, 2.7.3, and 3.5.5.

HSC Recommendations: Safety Tips for Stairwells to prevent slips, trips, and falls to be added to the Health and Safety manual.

December 28, 2023: Staff did not feel comfortable taking the bus when dark to get a set of keys cut for the program.

Incident Investigation Recommendations: Manager to review policy 3.5.2 with employee to ensure understanding of work refusals. Manager to review job description with staff including provision of "other duties as assigned."

HSC Recommendations: No additional recommendations.

South Meeting Minutes: No investigations reviewed.

B) Section 3.3 Completed Near Miss Incident Investigations:

Calgary Meeting Minutes: October 25, 2023: Staff were walking out of the building when a small icicle fell from above and hit staff. Staff not injured.

Incident Investigation Recommendations: Review expectations at unit meeting.

HSC Recommendations: No additional Recommendations

December 7, 2023: Staff bumped a table with a chair leg and caused a glass water bottle to fall and shatter on the ground.

Incident Investigation Recommendations: Communicate expectations with office staff, safe places for breakable items.

HSC Recommendations: No additional recommendations.

South Meeting Minutes: February 24, 2024: Staff removed a smoke detector when it would not stop chirping after battery change.

Incident Investigation Recommendations: Reviewed with staff the practices and procedures for issues with smoke/carbon monoxide detectors, replaced batteries with brand name (i.e., Duracell) batteries and ensured interconnection between detectors functional.

HSC Recommendations: No additional recommendations.

3.2 Evaluation of completed current Internal Incident Investigations for Injury, Health and Property Damage (Edmonton):

March 4, 2024: Staff was sweeping snow from deck with a broken rusty broom and cut herself.

HSC Recommendations: Reviewed policies 3.5.2, 3.5.9, and 4.4.4. A random inspection was conducted by the CSC and equipment was replaced. The broken broom was disposed of.

3.3 Evaluation of completed Near Miss Investigations: No Investigations reviewed.

3.3 Evaluation of completed near miss investigations: No investigations reviewed.

3.5 COR Audit Review – Reviewed Element 2 Hazard Assessment.

3.6 Hazard Assessment and Control Document (H.A.C.D.) Reviewed pages 89-90 No additional recommendations.

3.7 Policy Review- Reviewed policy 3.6.1 Employee Rights and Responsibilities

3.10 Emergency Response Plan Review- None

Next Meeting Date: May 8, 2024

SUMMER SAFETY

Summer will soon be upon us and Albertans will be enjoying the season by being outdoors and partaking in many wonderful outdoor events and activities! Safety is a key ingredient for enjoying the season responsibly and the focus must be on keeping yourself and the clients safe during the summer season.

Here are some key tips for enjoying your summer safely:

- **Stay cool and hydrated! Higher temperatures can increase your risk of sunstroke and heat exhaustion.**
- **Make sure to drink lots of water and other non-caffeinated beverages.**
- **Wear light coloured clothing and seek shade often.**
- **Open doors and windows and use fans to promote air circulation throughout your home, but keep blinds closed.**
- **Eliminate extra heat sources, turn off excess electronics and appliances.**
- **Take cold showers or baths, soak your hands and feet in cold water, spritz yourself with cold water and place ice packs or wet towels on your pulse points (inside of wrists, back of the neck and behind the knees).**
- **Visit public buildings with air conditioning, like libraries, art galleries, movie theatres, museums and shopping malls.**
- **Practice good sun safety and avoid sunburns by using sunscreen with a Sun Protection Factor (SPF) of at least 30. Apply liberally to all uncovered skin, especially your nose, ears, neck, hands, feet and lips. Apply it generously 20 minutes before going outside and apply at least every two hours (apply more often if you are sweating). If the UV index is 3+ sunscreen should be applied. Sunscreen is not applied due to temperature but on the UV index (the level of ultraviolet radiation) which is rated from 0 to 11.**
- **Wear a hat to protect the top of your head and sunglasses to keep your eyes safe from the sun's glare.**
- **Limit your sun exposure on hot days, especially between 10am and 2pm as this is when the sun's rays are most intense.**
- **Protect yourself from injury by wearing a helmet while using wheeled vehicles including bicycles, rollerblades and skateboards. Make sure your helmet is snug fitting, level from front to back, sits an inch above your eyebrows and you can fit two fingers between your chin and the strap.**
- **Summer weather conditions in Alberta can change fast so remember to keep an eye on the sky. Severe weather like heavy winds, hailstorms or tornadoes can be life-threatening. Before you head out, be sure to check the weather forecast. Keep a phone, radio or other mobile device nearby for updates on weather and weather alerts.**
- **Cover up with light-coloured clothing, this is less attractive to mosquitoes and helps you spot ticks easier.**
- **Wear insect repellent but apply sunscreen first. After being outside, check yourself, and your clients for any ticks or bug bites. If you find a bug bite, follow proper instructions to treat it quickly to reduce the chance of infection or disease. You can find treatment instructions at [MyHealth.Alberta.ca](https://myhealth.alberta.ca) or by calling Health Link at 811.**

USING THESE TIPS WILL HELP KEEP YOU AND YOUR CLIENTS SAFE THESE SUMMER MONTHS. FOR MORE INFORMATION SEE YOUR HEALTH AND SAFETY MANUAL PART 2.

Do you know your rights?

Per the Alberta Occupational Health and Safety Act, workers have three main rights: **the right to know, right to participate and right to refuse dangerous work.**

The right to know includes information about your health and safety in the workplace. The right to participate gives workers the right to participate in joint health and safety committees and decisions about the health and safety of the company.

The right to refuse dangerous work refers to undue hazards at the work site. Undue hazards are defined as hazards that pose a serious and immediate threat to the health and safety of a person, such as a gas leak or a building collapsing.

Workers have the following rights:

- The right to know
- The right to participate
- Right to refuse dangerous work

Remember!!

These rights can be found in Alberta Occupational Health and Safety legislation.

For more information, please consult Policy 3.5.2 Worker Right to Refuse Dangerous Work and Assignment of Health and Safety Responsibilities.

HURT AT WORK?

Employees and Support Home Operators are reminded of their responsibility (as per legislation) to report all workplace injuries immediately to an ICE supervisor or manager. In the event of an injury, the employee will follow all agency policies and procedure.

While not all injuries are reportable to WCB, all injuries and work-related health concerns are required to be reported within the company. This is done so that health and safety investigation and follow-up may be completed for the safety of all parties.

REFERRAL INCENTIVE RECIPIENT

Employees or Support Home Operators who refer a person to ICE who successfully meets our hiring requirements and completes their three-month probation with a minimum of 120 hours worked, receive \$100.00!

STAFF APPRECIATION EVENT- MAY 22, 2024

May 20-26 was declared as “Community Disability Services Professional Appreciation Week” in the province of Alberta and ICE Grande Prairie hosted a Staff Appreciation Event on May 22 to show our appreciation and support to our wonderful and hardworking staff.

ICE appreciates all your hard work!

Some of our clients made beautiful art to celebrate the staff that support them!

Pizza & Cake Party!!!

ICE Grande Prairie held a pizza and cake lunch at the museum where client’s artwork was displayed and presented. Staff enjoyed the party and all attendees received a Mark’s Work Wearhouse Discount Card!.

Thank you for all you do!!!

On behalf of the management of ICE and the clients we serve, THANK YOU for all meaningful work you do each and every day. ICE recognizes your commitment, your dedication and your passion!
